III. Items for Action & Discussion

Ms. Dunn stated she and Dr. Dershewitz reviewed the monthly reports, and we are in good shape. There were over 270 calls this month and the response times were impressive. Our ambulances responded to eighteen (18) mutual aid calls this month.

Ms. Dunn motioned to accept the Superior Ambulance report. Mr. Clark seconded the motion. All members present voted aye by roll call vote, motion approved 5-0.

IV. Fire Chief's Report

Chief Hajduk said their Annual Open House turned out very well, it was a great day. They had three (3) members resign. The next academy begins January 5th, and they hope to have some new people attending. There are currently thirty-nine (39) members in the department though

they are slated for sixty (60). Numbers are down across the country for "paid on call" firefighters. In 2025 the Fire Department will be one hundred (100) years old, and they are working on an event to include fundraising for redoing Engine #2.

Dr. Dershewitz asked how the fire alarm home inspections were going? Chief Hajduk said they have installed almost five hundred (500), and they only have forty-one (41) left. They will also be hosting CPR, Stop the Bleed and Narcan classes.

V. Police Chief's Report

Chief Scheckel explained the MOU (Memorandum of Understanding) to the Board from the School Town. The reason for the update was because Officer Cooley was added as the School Resource Officer at the middle school. Town Council asked the Board for approval prior to it going before Council. Mr. Westland added that in Section 8 of the document, either party can cancel the agreement. Chief Scheckel clarified that the School Town is paying all of Officer Cooley's salary to include benefits. They also contribute $50,000.00 towards Officer Isenblatter's salary and the department covers the salary of Officer Ghrist.

Mr. Maloney motioned for the Board of Safety to approve the Memorandum of Understanding with the School Town of Munster, sending it to the Town Council for final approval. Mr. Clark seconded the motion. All members present voted aye by roll call vote, motion approved 5-0.

During a recent Work Study with the Town Council regarding future needs, Chief Scheckel asked for an additional six (6) officers, due to the two (2) train stations being operational in 2025. He asked for the department's sworn strength to be increased each year by two (2) officers for the next three (3) years, for a total of forty-nine (49) officers by 2025. According to FBI standards, based on the population of Munster, we should be at fifty-eight (58). With the anticipated increase in calls for service and commuters traveling in and out of town from the Chicago area the additional officers are needed.

Mr. Clark motioned for the Board of Safety to recommend to the Town Council an increase of two (2) sworn positions for the Police Department next year, 2023. Ms. Dunn seconded the motion. All members present voted aye by roll call vote, motion approved 5-0.

The department currently has three (3) open positions now. The traditional hiring process list of eligibles has been extinguished. From that list two (2) are slated for the academy in January. The department is currently taking applications from certified officers to fill the remaining vacancy. The deadline is 4:00 p.m., Friday, October 21st. Unfortunately, all departments in the area are also having trouble filing their open positions. The department is currently working with Highland and Griffith on recruitment options and ideas to attract individuals to the field of law enforcement. The department will close the Emergency Hiring process today at 4:00 p.m. Going forward we will run both processes, traditional and emergency, concurrently and see what we attract.

Mr. Maloney motioned to authorize the Police Department to concurrently run traditional and emergency hiring processes. Dr. Dershewitz seconded the motion. All members present voted aye by roll call vote, motion approved 5-0.

Chief Scheckel informed the Board of Lake County's decision to no longer cover our fatal traffic accidents. The department will utilize South County Crash Team, which is made up of Lake County municipalities. They work with Purdue who can get the department results in approximately two (2) days. There will be a Memorandum of Understanding which will go before this Board prior to the Town Council. The cost will be approximately $500.00 annually.

VI. Old Business

There was no old business.

VII. New Business

There was no new business.

VIII. Board's Comments

Mr. Clark wanted to go on record as being opposed to closing the second lane of traffic on Ridge Road. He stated his concerns have to do with the safety of emergency vehicles being able to respond to calls for service.

Dr. Koultourides said that yes, that is the direction they are looking at to reduce Ridge Road to one (1) lane of traffic in each direction. He also stated that in all the meetings and studies they have had over the last fourteen (14) months this is the first he is hearing of anyone opposing the closure or making their opinions known. Chiefs Scheckel and Hajduk stated they have both strongly opposed the closure in their biweekly Department Heads' Meetings. Dr. Koultourides stated they are in the early stages of the process and a lot more funding is needed to move forward. He appreciated the topic being brought up.

Dr. Brown informed the group that he is selling raffle and entry tickets for the annual SWAT fundraiser, being held on Friday, December 2nd. Chief Scheckel added the Federal Government has sent new criteria for the use of armored vehicles, such as the MRAP. Officers need to complete the necessary criteria and demographics prior to utilization, making use cumbersome.

Dr. Brown said the next meeting will be at 7 a.m. on Thursday, November 17, 2022.

IX. Adjournment

Mr. Clark motioned to adjourn the meeting. Mr. Maloney seconded the motion. All members present voted aye, motion approved 5-0. Meeting was adjourned at 8:14 a.m.
